ABOUT US

Aira Plantscapes ,(A unit of DS Garden accessories) is a one-stop solution for a wide range of indoor and outdoor gardening, landscaping, Plantation drives , lake restorations, and large-scale farmland developments. We offer turnkey projects encompassing consultation, design, and execution, Delivering tailored solutions across India. Our services are designed to bring harmony between nature and modern living, with a focus on native and local plant species to maintain ecological balance. However, we are equally open to incorporating exotic species to suit the preferences of our clients. Rooted in a deep appreciation for the natural world, our work reflects an unwavering commitment to design excellence. Each of our landscapes is thoughtfully crafted, considering the unique characteristics of the site and the specific desires of the client. Our goal is to create outdoor spaces that are not only visually stunning but also sustainable, purposeful, and deeply personal. Most of our products and plants are handpicked from local producers, ensuring quality and supporting local ecosystems. However, we also offer select imported plants and materials to meet diverse client requirements. We aim to cater to the urban landscape, providing affordable yet top-notch services, while kindling a passion for gardening in people of all ages. Based in Bangalore, the Garden City of India, we serve both residential and commercial clients, crafting landscapes that resonate with our clients' visions while fostering a deeper connection with nature.
